

# ASH SERVICE AWARD

## Summer 2020 Application

Kathryn and Darren Ash established the Ash Service Award to cultivate and support a culture of locally focused community service within the UGA Honors Program. Awards will support two to four Honors students who intern full time in the summer on behalf of a service organization in Georgia, supporting efforts to improve local communities.

The recipients of the Ash Service Award will receive a \$3,000 stipend to help cover their cost of living while interning for a service organization in Georgia for approximately 8 weeks full time during the summer of 2020. To be eligible, you must be an Honors student in good academic standing who, as of summer 2020, will be a rising second, third, or fourth year. Applicants must provide documentation of support from the internship organization. To be competitive, applicants also should be able to demonstrate a commitment to community service through prior sustained involvement.

Applicants are encouraged to seek advice prior to the application deadline from Maria de Roher, Assistant Director of Honors and Programming, [derocher@uga.edu](mailto:derocher@uga.edu).

---

### Application Instructions:

Submit the following six documents no later than **Friday, April 17 at 5pm** via email to [derocher@uga.edu](mailto:derocher@uga.edu). Decisions will be issued in late April.

**1.** A coversheet with the following information:

Name (Last, First):

Student ID #:

Permanent address:

Phone number:

Email:

Major(s):

Current UGA GPA:

Expected graduation date:

Name of proposed service organization:

Name, title, and contact information of supervisor at service organization:

**2.** Your résumé (no longer than 2 pages, 1 page preferred)

**3.** Transcript (unofficial is fine)

**4.** Essay #1: Explain in 300 words or less your involvement with service projects during your time as an undergraduate at UGA. Your essay should address these questions:

- Describe the communities your projects served and why you chose to work with those communities
- What is the impact or potential impact of your service work on those communities?
- How has your service work informed your long-term career plans?

**5.** Essay #2: Detail in 300 words or less your planned internship this summer serving a community in Georgia, including:

- A brief description of the organization
- A job description detailing your role as an intern, including your goals and how you will achieve those goals
- How you have prepared for this internship, including what prior experience you will bring to the table

**6.** A letter of support from a supervisor at your proposed service organization
