

Honors International Scholars Program

Application for Travel in 2019

The Honors International Scholars Program (HISP) supports second- and third-year Honors students engaging in overseas opportunities by providing 50-60 scholarships per year, ranging from \$2500 to \$5000. Students have used HISP funding to participate in traditional university-sponsored study abroad programs, university-to-university exchanges, language institutes, internships, and research and public service projects. HISP awards are merit-based, taking into account GPA (minimum 3.5), quality of essays, and fit of the program to the student's academic and professional goals. The amount of each award depends upon program costs, financial need, and funds available.

Factors to consider: The most competitive region is Western Europe; awards for Western Europe typically go to top-performing students traveling abroad for the first time, demonstrating significant financial need, or with particularly compelling reasons to complete the proposed program. If you receive UGA's Experiential Learning Scholarship to fund the same trip, your award amount may be reduced. A student can only receive HISP funding one time. Travel to areas with State Department Travel Advisory Levels of 3 ("reconsider travel") and 4 ("do not travel") cannot be funded through HISP. To check current State Department travel advisories, go to <https://travel.state.gov/content/passports/en/alertswarnings.html>.

The application deadline is **Wednesday, November 7, 2018 at 12pm** for any travel in the 2019 calendar year. Submit your application package to the first-floor reception desk of Moore College. Decisions will be issued via email by the middle of December 2018. Please direct questions to Maria de Rocher, derocher@uga.edu, 706-542-6908.
